Subject: Meeting Requested from Newfield to Discuss Potential Nonattainment Designation vs. New True Minor Source Permitting
Questions for EPA related to non-attainment air permitting in the Uintah Basin.pdf

Monica,

Newfield has requested a meeting to discuss the attached list of questions provided ahead of time. They requested the meeting as a call with me tomorrow, but I am trying to get them to reschedule to late next week after reviewing the questions in order to be able to answer most of the questions. Is there someone from your group, maybe Jody, that could help with developing answers to the designation-related questions? I know the Tribe's recommendation is on our website, so that one is easy, but the others seem to need carefully thought out answers.

Thanks,

Claudia
